Leadership Meeting

Agenda

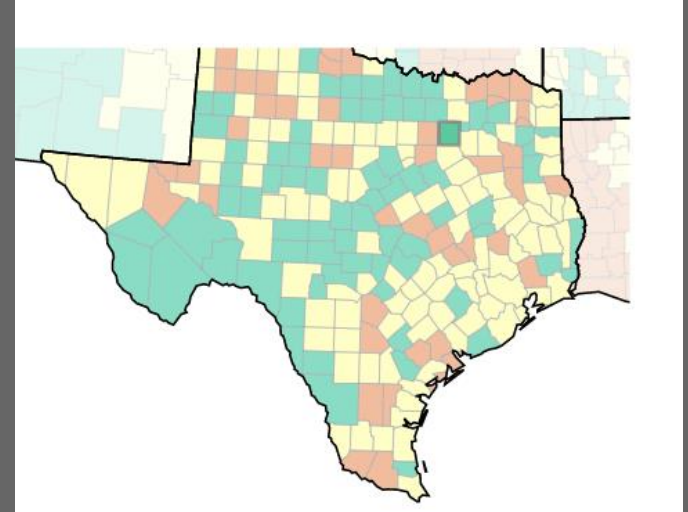

- Health & Safety
- Equipment
- Finances
- Upcoming events
- Any Other Business

Masks: CDC... does not urge.

CDC has updated their recommendations in the past month, and the Board of Directors for TheLab.ms has updated our mask policy to match the current recommendations.

We will continue to watch our neighboring county which is still exhibiting HIGH levels.

Dallas County: **Low**

Tarrant County: **HIGH**

[Dallas County Covid levels per CDC through September 5](#)

H₂O, we have had it for 1 year!

- **Potable filtered water**
 - Hot water option for teas and herbals
 - Room temperature water for rapid imbibing
 - Cold Water for powdered mixes, etc.
- **Restocking / Refilling**
 - When replacing the bottles, please remove the sticker on the top of bottle, but allow the system to push the translucent stopper out of the way as you reseal it.
 - Please thoroughly wash and scrub hands and wear mask when changing water tank
 - Please bring your own usable beverage cup / holder.

Televisions, big screens in each room.

- Classroom / Clean room
 - mounted
 - Signed into our Amazon Prime
- Atrium / Laser
 - TV's to be mounted as volunteers have the time to safely install plywood backerboard and then toggle bolts.

Workshop: Breakers plague us

- Please use the paper form on the door to identify which breakers have tripped and also notify in discord.
- New Key is being made for the professor's room for us to regain access to those breakers.

Example box, not actually ours

Money: a necessity, like air & water

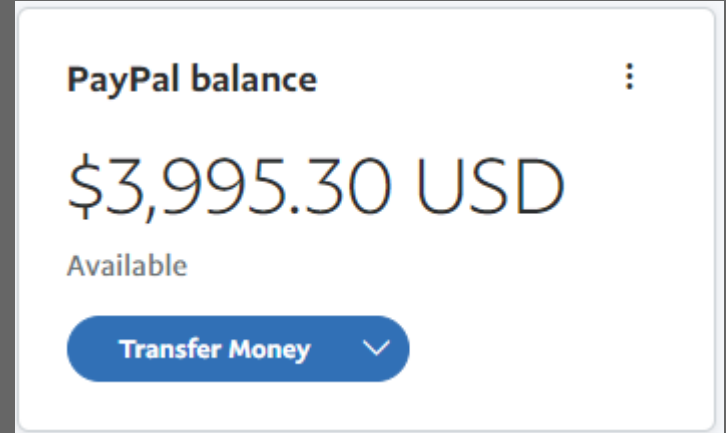

Our current financials. Bank work to be caught up this month by Pres & VP, after FenCon

Additional expected expenses coming:

- 1-2 more operation laptops
- Bid for 220v service outlet to shop

Upcoming positive developments:

Volunteering: Get involved

TheLab.ms runs most effectively when all areas have hosts, and membership engages with each other

AOB: Recognition

TheLab.ms would like to formally recognize the donations of our friendly fellow space, DallasMakerspace.org for their continued equipment donations.

We would also like to recognize their members who helped load up equipment: Jason Harner, Michael Bayern, Adam Oas, and Ethan Lott
