## Donate Equipment

We are taking anything that will contribute to one of our programs or projects. Contact [donate@thelab.ms](mailto:donate@thelab.ms) if you have something you think would benefit us. ***Please do not show up with donations without first contacting us!*** *There is not always someone to receive donations on site, and we cannot accept certain types of equipment.*

## Donate Supplies

TheLab has several Amazon supply lists of things we regularly need. We welcome items on these lists. Should you wish to contribute, please ensure the items are shipped to [Amazon Hub Locker - Acid](#). This ensures packages are delivered to a secure location!
